STAFF REPORT: Subject Yard Sales

Background Information:

The current ordinance states no physical address, location or property shall be permitted more than two such sales in a calendar year. It then goes on to state there shall be a license fee of \$20.00 for all such sales in excess of the first two during a calendar year at any physical address.

Current Issue or Proposal:

We concur with the amendment to the ordinance which will clarify the regulations of permitting no more than two sales per physical address in a calendar year, and that there be no fee imposed for the license.
